

Student Success Committee Update
COLD Meeting December 5-6, 2019
CSU, East Bay – Oakland Center
Tracy Elliott, Chair and Study Co-PI
Frank Wojcik, Vice Chair

Study Coordinator: Lili Luo, Professor, San José State

Communication

Data collection for fall is under way. Deans are asked to check in on their library representatives. There are several lingering issues with data submissions from some of the libraries. However, the institutional data being submitted from the campuses has come in the prescribed format. We will be checking in with each participating library one-on-one over the next week to get an idea of how the data collection is going.

Data Analysis

Preliminary data analysis shows that fall data is imperative. Spring only data shows a negative correlation with GPA and fall-to-fall retention. We believe if we had the fall data we would have a different outcome.

Timeline:

Aug.-Dec. 2019	Campuses collect library instruction data for fall 2019
September 2019	Campuses confirm IRB approvals with Lili or Tracy
January 2020	Campuses upload fall '19 library instruction data into Google Drive folder.
Jan.-May 2020	Campuses collect library instruction data for spring 2020.
June 2020	Campuses upload library instruction data for spring 2020.
July 2020	Campuses upload fall 2019 cohort institutional data into Google drive folder.
September 2020	Campuses upload Fall-to-Fall retention data
Aug.- Nov. 2020	Data Analysis and conclusions
December 2020	Final report to COLD
January 2021	Submission to CSU ScholarWorks
