

Shared Print Progress Report

California State University Council of Library Deans

June 18, 2018

The CSU Libraries have a task force on shared print (SPIRIT: the Shared Print Investigative Reconnaissance and Implementation Team) that recently completed administering a 40-question shared print survey for the CSU Libraries. Without going into preliminary findings, there was strong agreement among the CSU Libraries to take action on shared print.

SPIRIT members:

Karen G. Schneider, Sonoma State (Chair)

Patrick Newell, Chico State

Amy Wallace, CSU Channel Islands

John Wenzler, CSU East Bay

SPIRIT was founded in February 2018 by a vote of the Council of Library Deans. The task force will present recommendations for next steps to COLD by mid-September.
