To change the order of the fields, use the up and down arrows.
You may want Contents and Summary to display immediately after Description (aka Notes).

(This is tedious and repetitive. It's a little bit easier if you narrow the width of your browser window.
If you're making many changes and don't want to lose your work,
be sure to click on Save & Continue (bottom right) to save your work periodically.)

After re-ordering, your list of display fields may look like:
